Wellness Adventures

supporting the world with holistic at-home care
and community-wide wellbeing

With over 5,000 people already supported by the team of Enduring Empathy, we stand to empower the wellness of 30,000 additional people a year with our current growth goals

Our practical, in-home approach, allows us to support chronic and acute health challenges; setting people up for success at the source

1. Our History

We empower community and home-based wellness rooted in localized solutions. This approach allows us to tailor our efforts to create more resilient outcomes, capable of evolving with the needs of the community. Together, with our dynamic team of consultants, we develop answers that physically support people in uniquely challenging circumstances to recover, improve, and create growth in basic self-care and wellbeing.

For 6 years, our family of Independent Humanitarian Volunteers has shown up in challenging circumstances and asked “How can we help?” As a Community Organization, we’ve spearheaded environmental, communal, and social experiences. We’ve ignited locally-imagined solutions by sharing and expanding on open-sourced information. As Zebra Remedies, we’ve provided in-home aid for families and individuals navigating injuries and illnesses. In total, we’ve been creating better outcomes, healthier homes, and stronger communities.

Our 360° assessments, in-home consultations, lessons, classes, and general information empower major shifts in people all over the world. At the forefront of our efforts we have centered on self-care resources, community management, passive farming systems, and home alterations that accommodate disabilities.

We’ve served over 5,000 people across 10 countries through the principles of
“do what you can, with what you have, where you are”

2. Our Story

Our founder, Allie Baumeister, spent 3 1/2 years in a wheelchair, suffering greatly from poor health. Her resources were not helping her to create success in her wellness. Through research, conversations and determination, she began to change the way she saw life, health, and the importance of joy and balance in all of it. In 2017 she put her wheelchair away and began a new chapter dedicated to compassionate activism.

Allie and her son, EJ, came to Belize and have together been teaching and supporting communities through every opportunity that arises.

In 2021 Kevin Proffitt joined the team. Through his experience in the public health sector, Kevin adds a perspective to our mission that helps bring a greater dynamic to our capabilities.

Together, we help communities thrive.

\$100,000 Fundraising Goal

For 30,000 people to benefit from our open-sourced practical solutions in 2024!

Empathy*

3. The Company's Opportunity

Enduring Empathy is an unregistered charitable organization, formed under Zebra Remedies Inc, committed to the integrative wellness support of individuals, families, and communities. With the addition of a bus, we will provide healing support to even more of the world's nations.

Your donation guarantees this increase in our overall reach and support solutions; ensuring Enduring Empathy will deliver on our goals in even more exacting, meaningful, and efficient ways.

Wellness Adventures

These in-depth insights into the health challenges and practices of the world are being presented in a docuseries. We delve into the interpersonal lives of villagers and townspeople who struggle to meet their most basic human needs in our ever-changing world. Our classes, apothecary offerings, and projects are inspired by the local atmosphere and traditions of each location.

While we ask, 'How can we help?' we deliver the most commonly requested support, addressing health issues and completing projects that improve daily life. As we travel across the world, our team will document and empower individuals who focus their passions and skills on compassionately shaping our world.

Passions

Follow our co-founder, Kevin Proffitt, as he runs across Belize!

We empower people to turn their passions into compassionate action. Kevin's dedication to helping others and his lifelong desire to run across nations combine in our first Wellness Adventure. With every upcoming experience, we will support people who want to utilize their skills and fulfill their dreams while making a positive impact on their communities. Your support will help us empower those citizens who use their passions and talents to revitalize the environments in which they live.

WELLNESS ADVENTURES

Spring of 2024!

Journey with Enduring Empathy on our first edition of Wellness Adventures!
Join us as we explore the incredible villages of Belize and document
the successes and challenges of the Belizean People.
Learn along as we support and educate each other through holistic self-care.

**With your help,
we can impact the
personal wellness
of thousands of
Belizeans!**

Strategizing & Building 360° of Wellness

Classes | One-on-One | Whole Family
In-Home | In-Community

Our Primary Focus for this Adventure:

- Pain/Injury Improvement
- Diabetes Management
- Common Ailments
- Mental Wellness
- Publications on Self-Care and Projects

Throughout our 95-mile trip, our co-founder, Kevin Proffitt, will lead the way by running cross-country from Benque Viejo del Carmen to Hopkins. We will provide our supportive in-home and community care in 21 villages, serving the Cayo and Stann Creek Districts!

**Benque Viejo Del Carmen, San Jose Succotz, San Ignacio, Santa Elena, Esperanza, Georgeville,
Unitedville, Mount Hope, Ontario Village, Teakettle, Camalote, Roaring Creek, Belmopan, Armenia,
Santa Marta, Middlesex, Alta Vista, Pomona, Hope Creek, Silk Grass, Hopkins**

We're Going World-Wide!

After Wellness Adventures: Belize Edition, we have the opportunity to complete Wellness Adventure editions for every country we travel to, documenting local health and wellness practices, classes, support efforts, and the open dialogue created by engaging in conversations about balance and wellness around the world. There are numerous ways to promote healing and health, and we're thrilled to share them with you!

The Enduring Empathy Bus

Sponsor a Wellness Adventure

These adventures consist of multiple opportunities to showcase and display your business, including sponsoring miles, villages, and projects. Each offering will provide sponsors with different levels of visibility, collaboration, and experiences based on the donation value. Check out our website for the current adventure's opportunities.

The Exposure:

Enduring Empathy is worldwide! This means that wherever we have a Wellness Adventure, your name can be on display! Together, we will harness our joint social media platforms to create engaging content that expresses your contribution to Enduring Empathy, the difference your support makes in the world, and our gratitude.

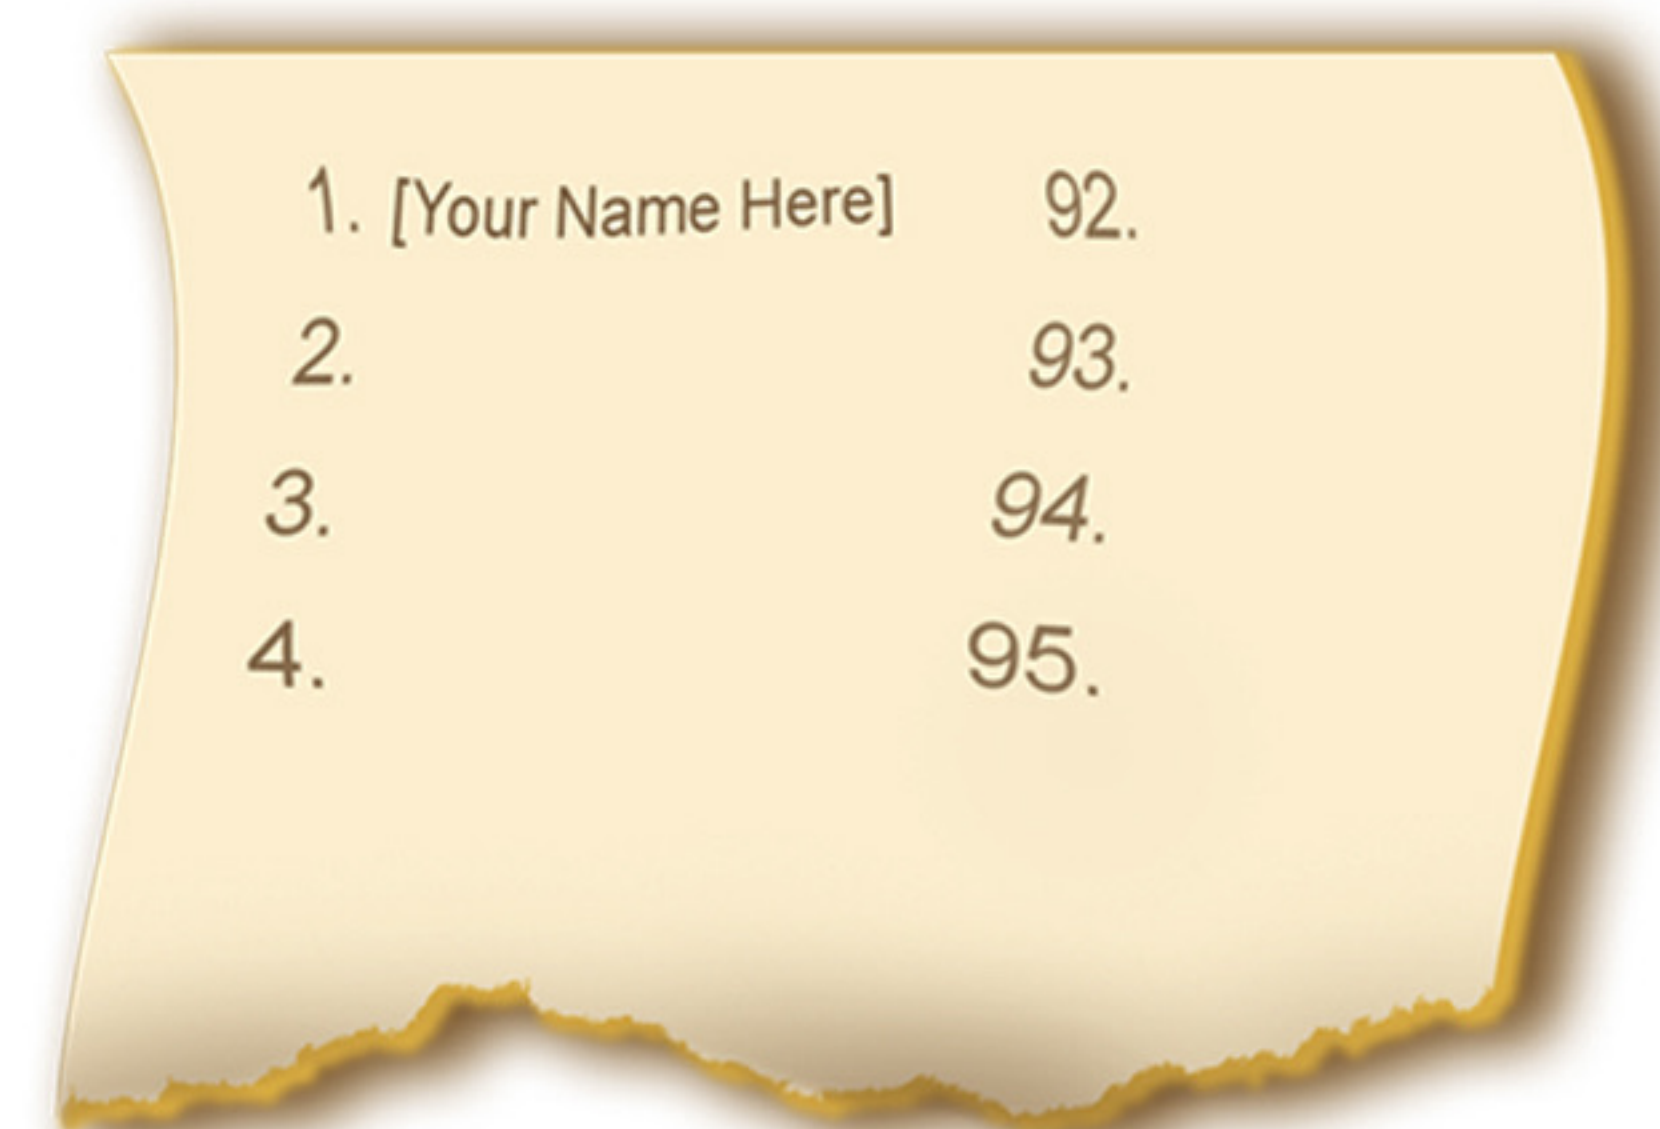

Empower Community Activism:

Our work creates ripples! With every life we touch compassionately, whole villages share, learn, and retain skill sets that empower the entire community. Sponsoring Community Activism helps us solidify the impact of our mission, showing that every human has the capacity to use their skills and talents for compassion and good. This is the lifeblood of a healthy society.

Vehicle Maintenance: Wheels, Paint, Parts, Labor

Furnishings: Modular Spaces with Versatile Storage

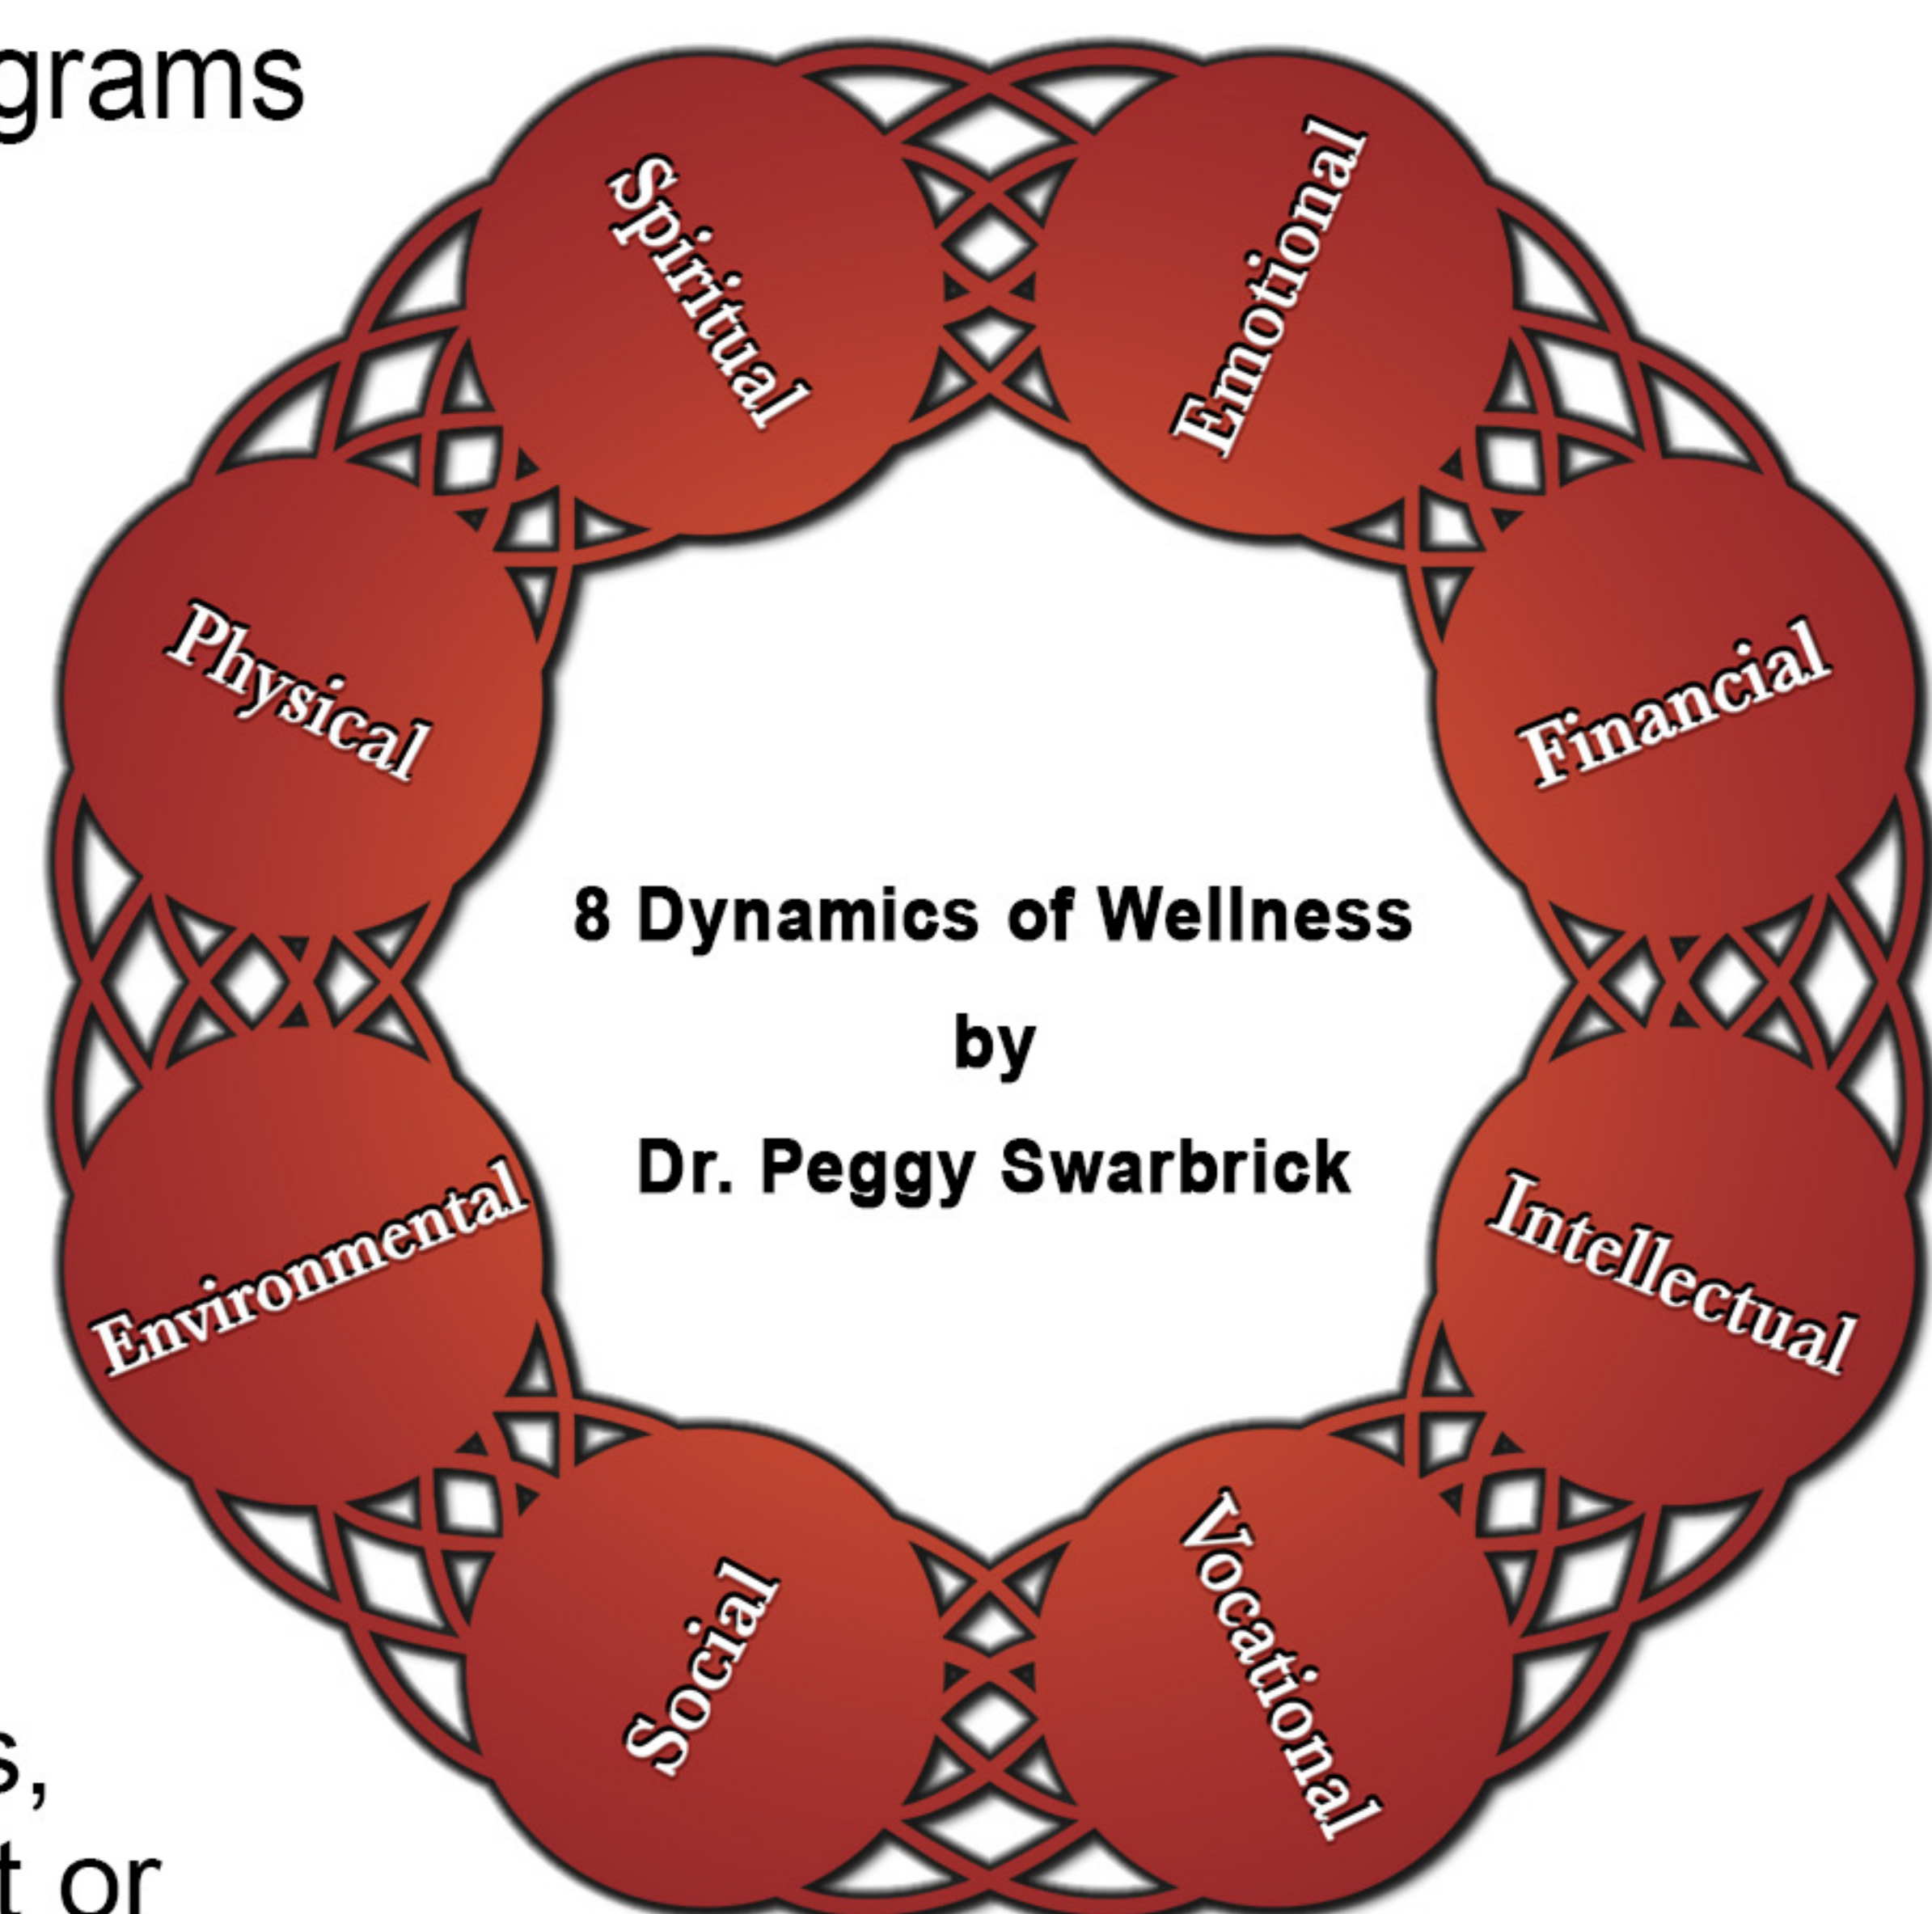

Exterior Features: Hinged Tables, Chalk Board, Popup Room

Get extensive details at www.ZebraRemedies.com/EnduringEmpathy

4. Future Endeavors

Above all, our efforts are rooted in igniting the global community into communal action. We interview, empower, and embolden those who deeply regard supporting growth and wellness, and we will continue our outreach efforts. Each project is fueled by stories of individuals and communities passionate about finding solutions to life's challenges.

As we move forward into the future, our programs will consistently focus on addressing the 8 Dimensions of Wellness, a concept coined by Dr. Peggy Swarbrick, alongside other principles that emphasize a comprehensive 360° wellness protocol within individual communities and globally. With the expansion of our mobile team, we anticipate acquiring more vehicles, which will enable us to make a greater impact.

5. Eligible Donors:

A qualifying donation can take various forms, including monetary contributions, equipment or trading stock, land, property, shares, seconded employees, or sponsorship payments. This donation may be utilized as needed, without specific restrictions, to support and advance the goals of Enduring Empathy. It aligns with our mission of maximizing our impact by leveraging available resources in the most effective manner, wherever we operate.

THANK YOU
for believing in our mission, our work, and our people.
These passionate hearts create ripples
worth empowering.

6. Management

Amanda "Allie" Baumeister, 38, has amassed 13 years of experience in the wellness and medical sectors. Over the last 7 years, she has devoted herself to expanding her knowledge in plant and indigenous remedies, natural biological processes, and fundamental healing concepts that promote holistic well-being. Her dedicated work in the remote villages of northern Belize has been instrumental in birthing useful projects and health-sharing concepts.

Throughout her time in Belize, Allie has actively contributed as a conservationist, healer, and strategist. Her offerings have extended to providing bodywork, herbalist support, educational initiatives, general labor assistance, and establishing temporary food assistance, showcasing her multifaceted involvement in supporting community health and sustainability.

Kevin Proffitt, 30, holds a Certificate in Public Health and a B.A. in Political Science. Over the past 12 years in this sector, he has initiated, inspired, and contributed to the organization of networks involving people and resources. His extensive research and data collection over the last decade, combined with his intimate on-the-ground experiences, have granted him a distinctive and candid perspective on life within remote and underserved communities. Kevin is deeply passionate about leveraging his creativity and expertise to make a positive impact on the world.

Some of the Professionals We Collaborate With:

Kim Savage, MA: Community Counselling, Mental Health Consultant,
Trauma Recovery Specialist

Lea Claycomb, M.D.: General Medical Consultant

Jessica Rogers-Foley: Reiki & Nature-Immersed Healing

Merrissa M. Williams: Conscious Parenting & Conscious Womanhood

Shannon Bee: Body Work, Decompression Therapy,
Neuromuscular Rehabilitation Therapy

Jayme Lilevjen: In-Home Disability and End-of-Life Care Specialist

With every mile, we show the nuances of health and wellness across the world. Cheer our team on as we explore the lives of citizens with a focus on how we can foster well-being in ourselves, our homes, and our global communities.
